REPORT ON WORLD NATURE DAY CELEBRATIONS

03-10-2021

Nature is indeed God's precious gift to Earth. It is the primary source of all the basic necessities for the nourishment of all living beings on the Earth. Right from the food we eat, the clothes we wear, and the house we live in is provided by nature. The World Nature Day is observed annually on October 3rd.

The occasion aims to create awareness about the need to preserve the environment and natural resources in order to keep the world healthy. It also underlines the need for preserving the environment for the posterity. The main objective behind celebrating the day is to conserve trees and animals that are on the verge of going extinct from the natural environment of the Earth. The day also recognizes that a healthy environment is a foundation for a stable and productive society. This day also ensures the well-being of present and future generations. Keeping this in mind Dept of Civil Engineering under CRANES student association organized an awareness program on World Nature Day.

The inauguration started with National song and with a brief introduction about today's occasion by Mr.D.Sumanth, Assistant Professor, Dept of Civil. Next he invited chief guests Prof.K.Yugahdhar Reddy, HOD of CED and Dr.V.Ravi Prasad, Principal, NECG.

Mr.D.Sumanth, Assistant Professor, Dept of Civil inviting the chief guests

First Prof.K.Yugahdhar Reddy, HOD of CED delivered his speech on importance of Nature conservation and Importance of celebrating World Nature Day.

HOD of Civil Engineering Dr.K.Yugandhar Reddy garu giving his speech

Later Dr.V.Ravi Prasad, Principal, NECG gave an interesting speech on Nature. He has also delivered lecture on wildlife, nature education, climate change, global warming and other Nature and related issues and compiled various examples on the same

He concluded mentioning that today our global footprint is about one and half time the Earth's total capacity to provide renewable and non-renewable resources to humanity. If nothing changes, we will need almost three planets to sustain our ways of living.

Dr.V.Ravi Prasad, Principal, NECG addressing the gathering

The session concluded with vote of thanks from Mr.D.Sumanth, Assistant Professor, Dept of Civil by thanking the chief guests for their wonderful lecture.
