In order to maintain safety and security to the girls and women, a cell has been constituted for redressal of grievances. Our women grievances cell stays alert all the time to prevent any sexual abuse towards the students and female workers. If the student faces any harassment from the staff or workers, then they can complain at our women grievances cell. The members will look in to the issues, gather the evidence, and take the necessary action against the guilty. If also focus on preventing this kind of harassment by using secret monitory services, which keep a keen eye on the entire campus.
